RESPONSE TO DECISION ON REQUEST FOR RECONSIDERATION OF
PATENT TERM ADJUSTMENT

In a Decision on Request For Reconsideration of Patent Term Adjustment and Notice of Intent to Issue Certificate of Correction (“Decision”) dated March 16, 2010, the United States Patent and Trademark Office (“Office”) granted, in part, Patentees’ request for a correction of the Patent Term Adjustment (“PTA”) for the above patent. The Office agreed with Patentees’ assertion that the patent was not accorded enough “B Delay;” however, Patentees respectfully disagree with the Office’s total calculation of 1083 days of PTA.

In particular, Patentees submit that the Office’s PTA calculation relies on an incorrect date: the Decision suggests that a Request for Continued Examination (“RCE”) was filed on October 30, 2007, when it states that “the over three year period begins on September 16, 2006 and ends on October 29, 2007, the day before the RCE was filed...” (Decision at page 1). A review of the online image file wrapper available in the PAIR/PALM system indicates that the RCE was actually filed on October 31, 2007. Patentees’ records are consistent with date indicated in the online image file wrapper.

As such, Patentees respectfully request reconsideration of the total PTA calculation to reflect a total PTA calculation of 1084 days, which accounts for a period of “B Delay” that spans from September 16, 2006, to October 30, 2007 (the day before the RCE was filed).
